## Career Objective

Enthusiastic Software Developer skilled in Java, Spring Boot, database management, and secure authentication systems, backed by an Electronics and Communication Engineering degree. Seeking opportunities to create scalable applications and enhance technical expertise in software development.

## Projects

### Generative AI Email Assistant (Full Stack Application)

- Developed a Full-Stack **Generative AI Email Assistant** using Spring Boot, Spring AI, React, and Material UI for intelligent email reply generation.
- Integrated **Groq AI API** to generate context-aware and tone-based responses such as Professional, Friendly, and Formal replies.
- Built **scalable and secure RESTful APIs** for real-time email processing and seamless frontend-backend communication.
- Designed a **responsive and user-friendly interface** using React, Axios, and Material UI to enhance user experience.
- Implemented browser **extension support for one-click AI-powered email response** generation directly within email platforms.

### Secure Online Banking System

- Developed a **secure online banking application** using Java, Spring Boot, and Spring Security for managing user accounts and financial transactions.
- Implemented **authentication and role-based authorization** with encrypted password storage to enhance application security.
- Designed and **developed RESTful APIs** for account management, balance inquiry, credit/debit operations, and fund transfers.
- Integrated **MySQL with JPA/Hibernate** and implemented validation, exception handling, transactional management, and **Gmail SMTP-based email** notifications.

## Skills

**Programming** : Java, Javascript

**Web Development** : HTML , CSS, Javascript , React

**FrameWork** : Spring Boot, Spring Framework, Hibernate

**Database Management** : MySql , Oracle

**Tools** : Git , Postman

## Education

**Bachelor of Technology (B.Tech)** – Electronics & Communication Engineering

Asansol Engineering College, West Bengal | 2027 CGPA : 7.17

**Higher Secondary(12<sup>th</sup>)** – WBCHSE(2023)

St. Mary Goretti Girls High School. CGPA: 7.07

**Secondary(10<sup>th</sup>)** – WBBSE(2021)

St. Mary Goretti Girls High School. CGPA: 9.47

## Achievements

- Truly proud to have **achieved 5<sup>th</sup> place in the Arduino & IoT Quiz Competition** organized by AEC Hardware Club, Asansol Engineering College.
- Certificate of participation in a workshop on Arduino & IoT.
- Solved 100+ Questions on LeetCode.

## Leadership And Role

Successfully organising the IEEE International Conference on Communication, Computing and Signal Processing (IICCS)-2024 organized by Department of ECE, Asansol Engineering College.
